As usual, my trim was great and the service is awesome. Great conversation and everything is done quickly. High-quality products as well. The only improvement would be the blow dry service. This is the second time I leave and my roots are somewhat frizzy because they are not completely dry. I do not know if she is just unfamiliar with my hair type (I have wavy/curly hair but VERY easy to straighten) or if she just is not great with blow dry. Otherwise, awesome!

Megan & Kara are always efficient, pleasant, & personable. They will work with you with the utmost patience to get you an appt. that will fit your busy schedule. Due to my scheduling issues, I have been to many of the stylists in the salon, Anne, Kelly, Shelby, Jess, & Mallory. You can't go wrong with any of them they are all awesome, skilled & knowledgeable. They all work together so there are no negative vibes, like in some salons, if you go to someone different. The last visit I had was with Mallory, she did a fantastic haircut & blowout. I can't say enough good things about this Salon. It is a gem on Hope Street, in Prov.

Aryonna was incredible! She knew exactly what I wanted even though I did a terrible job trying to explain it to her. Curly hair can be challenging to work with for some stylists, but Aryonna clearly knew what she was doing because my hair looks amazing and it feels so healthy! Thank you again Aryonna and team! Ill see you again soon!

Erica has been fantastic! I was able to get my blonde color back (after making the mistake of trying red for awhile) and the highlights she added after blend in with my hair and look natural. Each time we adjust a little since my hair has been growing out and I prefer a cooler blonde. Definitely the best my hair has ever looked and great product recommendations too.

The overall experience was great. The hair stylist did an awesome job. However, I would have appreciated knowing that I would be charged \$10 extra dollars. I am still not sure what the reason was (maybe because there were two blow dries), but I would have appreciated being told up front that would be the case.

Kelly Ann is really great, and I love the cut she gave me. Unfortunately there was a power outage when I was there and so she could not finish blow drying my hair. It was a major bumner because the blow-out is my favorite part! I was looking forward to feeling pretty for the rest of the day like I normally do when I leave the salon, but instead felt kinda frumpy because I couldn't go home and finish the blow-out myself. Of course that was not Kelly Ann's fault at all, and I think she asked the front desk to give me a discount, though I'm not sure they did.

This place always makes me feel like royalty. The receptionist is always so nice and never fails to offer a cup of water, tea, or coffee. Erica cuts my hair and always does an amazing job - she's intuitive, experienced, and incredibly talented; I always leave feeling like a million bucks. I can't wait for my next appointment!

Great experience but a process that I was told would take 90 minutes took two hours when my stylist went to take care of another client and left me sitting for an extended time. Customers should be told upfront if this is going to happen so she/he can plan accordingly.

Two days ago I returned to COIFFURIUM for the first times in many years. The experience I had was far from satisfactory. Although the front desk staff were welcoming & friendly, the stylist clearly didn't know how to cut curly hair. When I told the Salon, they immediately re-booked me with GREG, the owner. At no charge, he spent 45 minutes correcting and re-styling. Now I LOVE the results! This is customer service par excellence and I really appreciate the sincere interest & resolution I was given. Although I have had 1 hairdresser for 15 years, I am now seriously considering returning to COIFFURIUM.

★★★☆☆ by Anon on 2018-01-06

My stylist is usually great and I like this salon. But my issue is mostly with the front desk and scheduling process. They make and confirm appointments by email through an online system, which is fine, but when you reply through said system that you cannot keep the appointment or wish to reschedule, they later charge you HALF the cost of the appointment! Even when you have let them know in advance. The front desk person is somewhat condescending. I sometimes think I am not "enough" in

some way to rate a better attitude. Last time, she didn't even ask me if I wanted to rebook after a visit. And if you are a few minutes late, for example, due to the extreme storm we just had, they are pretty judgemental. Lovely salon; should get nicer front desk help, and accept online cancellations if scheduling and booking that way or at least warn that it won't work to do so.

I love the salon and I love Ariana and the diva cut that she gave me - however I am really struggling with the Diva curl products that I bought - My hair looks really bad! The choices are either a ton of product and my hair feels like I have been sitting at the beach for 5 hours OR little product and I have massive amounts of frizz!! I have been meaning to call Ariana but have been really busy. I do not want to give up on this Diva product but it was a lot of money for my hair to look awful!!

Arianna did my makeup for a wedding. She was very kind and sweet. The makeup looked really nice! I have had it done at other places and often felt it was caked on and make me look older. But this time around I was really happy and felt great! Thanks!

I don't know what went wrong, I am literally not happy with what happened with me. I had my kareline complex treatment yesterday and today my hair is frizzy. I took total care as instructed not letting even a drop of water touch my hair. Since coiffurium is far from the place I live I went to a salon next door to get some flat iron touch up. I told next door salon stylist my entire story, they were literally shocked about everything ... The way my hair looks -frizzy at the end of day 1 which is not expected with this treatment. They say they do this treatment in their salon too and hair should be needle staright till the first wash. What did coiffurium do to my hair? Dint they apply enough product ? Or might be they did not iron every strand the way it should have been ironed .. twice or thrice My hair is pretty thin just half inch thick if I tie it with band

and length little more than shoulder and I was charged 350\$ for this, which was told to me as a very huge amount of money for the tiny little hair I have.. I would never recommend anyone this salon if my hair does not turnout to be frizz free after my first hair wash.

Very beautiful on the inside. But I feel like my stylist didn't know how to style my hair well. She cut my ends well but after she washed my hair, it seemed as if she didn't know what to do. My hair ended up being frizzier than when I style it myself and felt dryer than normal. But I enjoyed it overall cause all I wanted was my ends cut :) I got a deva cut btw

To be honest, after a number of good visits to your salon, I don't believe I will be coming back, because of my negative experience with Erica. She lacked a caring attitude, seemed in a rush, did a minimal job, and did not even pay enough attention to notice things such as where my hair is normally parted, or how she might try to make it look decent coming out of the salon. My hair is thinning a bit on top and I'm sensitive to that and I let her know up front, and yet the way she "styled" my hair just made a section on top glaringly bare. She barely put any layers in even though I asked for them (and so I had to ask for a more layered look which she took another 2-3 minutes at most to add in). Wow, just wow, what an abysmal experience. This is very, very rare instance in which I actually left without giving a tip, I was feeling so perplexed.

I was disappointed with Ann. She was ok but I was shocked that her services were not as good and I was charged significantly more. When booking the appointment it was not made clear to me that I would be charged nearly \$20 more than I usually am for a cut and style that wasn't as good.

I love my stylist, she is amazing. My one critique of the salon experience is the check out. I am not able to use a major credit card, so I use my bank card, where I am not able to write in a gratuity. I have to separately write a check for the tip and while all this is going on, I am asked if I want the receipt?, if I want to make a future appointment?, what day? what time is good? etc... Its a very hurried feeling at the end of the experience. When I am finishing up I feel a bit rushed out and then when I get in my car, I have to double check I haven't forgotten my bank card, my check book, my appointment card and all my products..

I don't like to give a stellar review because I hate sharing! however, I have been going to Greg for many years and I consider him a very good friend and a great hairdresser. I absolutely trust him with my head! He's terrific at color and cutting. I pretty much leave it up to him but he always goes over the options and spends time on that before commencing with the do. besides being an amazing hairdresser Greg is an incredible fellow.

They were able to color and blow dry my hair and I will return for the cut tomorrow. The color is great as was the blow out. Thank you so much. It is great to ge This is the kind of service that is so rare today!

Erica was absolutely wonderful to work with this morning. I was extremely nervous to go somewhere other than my usual home salon, but, because I am away at school, had to find somewhere else to go. I feel so lucky to have had Erica as the one who did my hair today. She knew exactly what I was looking for: highlights that were blonder for summer, while still looking natural. Our conversation could not have been more enjoyable throughout the appointment. She is incredibly personable, as well as talented with hair. She took her time, and never got upset when I asked her to make small adjustments.

No one offered me tea, which has always happened before. No one offered to make another appointment when leaving, as usually happens. I felt like a number. They must have been busy. Coiffurium is a pleasant, professional hair salon. I was greeted by a friendly receptionist when I first walked in for my appointment. My hairstylist Shelby was also very friendly. She talked with me initially and together we agreed on a hairstyle. She offered many suggestions and showed me photos to make sure she knew exactly what I did and did not want. I was very comfortable and Shelby met my expectations completely.

My first experience at the Coiffurium was fabulous. The salon itself is clean, comfortable and very friendly. I called and got an appointment the same day. Since I moved back to Rhode Island about a year ago I have tried a couple different hair salons. This by far has been my favorite experience. My stylist was Erika, I trusted her immediately because I loved what she did with her own hair. I ended up cutting around 10 inches off and showed her a picture of a bob haircut I liked. It came out fantastic, and I definitely plan on going back.

Kelly Ann was terrific: very friendly, attentive, and gave me a great haircut. One point of confusion we had was that I had called to schedule a Deva cut, but she is not certified in this haircut. I have no complaints about her, as she was very up-front and conscientious about this when I realized that it is not what she was doing, and asked her about it. Perhaps some miscommunication or misunderstanding took place when I called to make the appointment, as I believe I asked for a Deva cut, but it is possible that I could have said "curly cut." Either way, I would recommend the person on your end just clarifying such a request, and scheduling accordingly.

I was extremely happy with my experience at Coiffurium! I liked everything about it - the atmosphere at the salon, the courtesy of the front desk staff, but most importantly

I had a \*fabulous\* experience with Erica, my stylist. She was a very warm person, and listened to what I wanted to have done then gave me a beautiful haircut and color. I appreciated that while the color was on my hair I was able to stay in her stylist's chair, without having to go back to wait in the waiting room (which was the case at my previous two stylists in Virginia - I so much appreciated being able to stay at her station). The price of the cut and color were very reasonable, and also Erica was able to get the cut and color done half an hour faster than my previous two stylists, with no loss of quality of service. I want to emphasize that Erica \*delightful\* - just a really kind, interesting person to chat to. I will definitely come back, and I will definitely aim to get an appointment with her again (although I'm sure that all your stylists are wonderful)!

Erica not only listened but executed just what I asked for. How rare is than in a hairdresser? Love what she did and her adorable personality. She's a Khaleesi fan as well, so even more enjoyable for me! Prices by the way a VERY reasonable. It is a bit of a noisy, due to the busy shop but on time, well done and at a great price. Hard to beat!

My daughter in Los Angeles gave me a Coiffurium Gift Card for Mother's Day . . . a perfect present! It was waiting like a treasure in the future - for a couple years! I had planned to use it for a Massage from Meghann. Although she is not longer doing this service for the salon, she agreed to fulfill my wish. I had the massage yesterday. She was incredible!! Amazing "hands" (I knew they would be). She serenely saw to my every comfort. Sorry when the clock ran out . . . Like everything else at Coiffurium, great service, great results.

We had hair and makeup services for my Saturday afternoon wedding 2 weeks ago. The entire staff; receptionist, stylists, makeup artists were beyond accommodating. We arrived early and they had cups and napkins waiting for us knowing we were bringing mimosas and snacks. We were able to take over the waiting area and be out of the way. We had about 4 stylists doing hair, Michelle doing my bridal undo which was amazing. Jessica and Shelby provided flawless makeup and made sure to take each girls' needs into consideration. We were all made up EXACTLY right on time.

We received many compliments all day about how we looked natural but elegant and not overly done up. Most of all, the hair and makeup looked great in pictures!

I went to Coiffurium for my wedding hair and makeup, and I was so happy with both! I got so many compliments on my hair, and I still love it just as much when I look at pictures. My makeup was flawless - thanks Jessica! I felt like the best version of myself, which is exactly what every bride wants. :)

The salon, receptionists, and hair stylists are all very nice and upbeat. I only give it two stars because my haircut didn't turn out to be what I wanted. It is not a bad haircut, it's just exactly what I asked not to have. I showed pictures of what I wanted and even showed pictures of what I wanted to avoid and ended up getting pretty much what I didn't want. I saw a lot of clients getting their hair blow dried and looking great so maybe the expertise lies in styling rather than cutting. Overall a lovely salon, just wish my haircut was to my liking , but its just hair after all and it will grow back.

After conferring with stylist the receptionist confirmed I could be accommodated with a brief 10 minute wait. I had a great hair cut with Erika and later in time sought my next appointment with her. There was a long time to get an appointment, but finally I was booked for a second hair cut with Erika. She had some great ideas about layering for my hair style. When I came to the appointment, I was told my appointment was now with Ann. However, it was Kim who appeared for the appointment. Kim was very nice and I had a decent hair cut but she had no idea what Erika could have meant about layering. The receptionist offered to only charge me Erika's rate but I insisted on paying Kim's rate. That was only fair. But perhaps staff making appointments can be more focused on listening. I asked for Erika and was given a date and then found out weeks of waiting for the appointment later that Erica did not work on the date the appointment was made.

The cut was great and I really liked my stylist. I had no reason to think my service would cost \$49 rather than \$35. This put me in an awkward position at the counter. Nobody likes expensive surprises. Please change your policy. You should have at least offered me a cup of tea. I made it explicit that I was hoping to become a repeat customer and you blew it. Penny wise and pound foolish. I would accept a refund of \$14 if it is at the salon's expense, as it is not the stylist's fault that incorrect prices are posted online. I'm a business owner myself. Range pricing always upsets the customer. It's a poor business practice.

★★★☆☆ by Hanna Lund on 2016-03-16

I don't post reviews often, but this time I am so disappointed at my hair cut I feel the need to let you know. My hair cut appointment was on March 3rd, a day before going away on vacation, which is the reason I am only writing this today. First of all I had gotten rescheduled to a different stylist due to sickness. I did not mind because I am open-minded to trying out other stylists and I really wanted to get the appointment done prior to my vacation. I really enjoyed the personality of the replacement stylist and we had a very nice conversation through out the appointment. Unfortunately I have to say the hair-cut came out really odd. I had brought pictures to show an inverted A-line haircut, to show what type of hair-cut I was after. She did not really discuss it with me, just said a lot of it is just styling. Long story short, I did not get a hair-cut, just a trim basically, and on top of that there are odd patches of shorter hair on top of my head that make styling now even more difficult. I also got high-lights and wanted to have my roots covered. I had mentioned that the previous high-lights had been done at a different salon in Europe and were lighter than what had been applied at Coiffurium previously. I believe the "old hair color" was applied as the roots are still very much visible. Frustrating, as the stylist did not really pay attention to the instructions I gave and pictures I showed her. I paid so much money and my husband did not even notice I looked any different. Neither did my neighbor. Had it not been 9.15 pm. when I got done with the appointment I would have said something right there and then, but I was tired and ready to get home and packing for my vacation. Like I said, I do like your salon and have had better experiences in the past. This time however, the appointment left me disappointed.

Overall I had a fantastic experience at Coiffurium. They were able to squeeze me in for a same day appointment with Michelle. I went in with a few pictures and the idea of what I wanted and after consulting with Michelle, she seemed to know exactly what to do and made a plan to do it. I left with exactly what I had imagined! I was astounded by the time and detail put into my hair and how they all genuinely seemed like they cared about their clients' wishes - can't say I've had that experience many other places! I highly recommend.

The 45-minute wait for Greg was completely worth it; the staff was friendly, they made me hot tea and hung up my coat, made sure I was comfortable, and Greg listened carefully to my fears about looking too old and my "difficult" hair. He mixed a perfect color and the cut looks fantastic! Everyone in the salon was cheerful, friendly, and out to provide excellent customer service. I will be back!!

I have curly hair and was a little stressed about the finding someone but lucked out by finding Shelby! From the minute I came into the Salon, I felt welcomed. On my second visit, by luck of the draw, Erin was my stylist. I came in for a root color and balayage - and after a few minutes talking it through and showing a few pics, she went to work. She is AMAZING! This most recent visit was my second time with her and it sealed the deal - no one will ever color my hair but her! I asked for the a few more areas of the lighter color and it came out amazing - again! She is a wizard with hair and I couldn't be more pleased! Thanks so much!

Brava! Kelly Ann, for taking an advanced case of random hair growth ("mad old man") and reducing it to something respectable but not tediously so. I like the new summer look, and it holds up with minimum maintenance--as in "finger comb for 15 seconds, after swimming."

I am not one to post reviews very often unless I have a strong feeling one way or other about a service I have experienced. In this case I am sorry to say I was upset with the quality of the service I received. Being my first time at the salon I was excited to try a new stylist, one closer to home. While my stylist was very pleasant, the quality of the color she gave me was terrible. After paying \$150 for blonde highlights to cover up my roots, I came home to find missing, uneven chunks and color not even applied to the root. At first glance it doesn't even appear that I got my roots down. After being pregnant and recently having a baby, I was very much looking forward to a little pampering and a fresh look for summer. Instead I left disappointed and frustrated that I spent that kind of money on a poor color. I do not plan on going back or recommending this salon to any of my friends. I have taken pictures of my roots and would be happy to share them.

It is completely pleasant to spend an hour and a half in her company. The environment at Coiffurium is peaceful, dignified, and hospitable. It is one of the nicest salons to which I've been. I particularly appreciate the ability to work with several different hairdressers, with no resentment among your team. Thank you.

Frustrating, as the stylist did not really pay attention to the clear instructions I gave and pictures i showed her. She took so little off first and cut it to look like a heavy hat, and thus ended up having to do most of the styling / cutting while my hair was already dry. It looked good dried and smoothed, but first washing at home revealed the unevenness of her cutting.

To be honest I was not very happy with my cut or blowout. I was invited to come back for a reshaping if I wished and I will most likely do that. On the upside my stylist was very kind, patient and informative. I do not know if I will return. I know that there are limitations with my hair type and length. I guess I was hoping for more.

Wonderful experience. I was greeted with a hot tea. Mt stylist provided a detailed consultation. And then I have a very expertly applied treatment (highlights), I could tell that my stylist was a perfectionist! The color came out beautifully. Overall it was darker than I expected, but still beautiful. The color looks very natural. My friends think my hair looks 100% better in quality - although they miss the blonde highlights. So next time... more blonde. Definitely going to be a next time.

Erika was a great stylist and gave me exactly what I asked for. Though she had opinions of her own (as stylists often do), she stuck to my request and I really appreciate that. Too often stylists tend to take creative liberties when it's not appropriate, but Erika was a good listener. It was best haircut I've received in a long time. Also the facilities were very clean and orderly, with other employees tidying up in the background the whole time. Will come here again.

I have never actually hated a haircut until now. I have been to coiffurium several times and was always pleased. I had every reason to think this time would be just as great. I showed her pictures of what I wanted and we seems to be totally on the same page. Turns out - not so much. I asked for shoulder length, she cut chin length. I said no layers. I have layers upon layers. I HATE this cut. At least I can get most of it back into a ponytail until it grows out. The only upside was that I grabbed a bottle of my favorite Bumble and Bumble styling spray. I'm on the hunt for a new salon.

My hairdresser of over 25 years retired, which was unfortunate because she was more like an old friend that I would go visit and while chatting, she would cut and style my hair. After several months (8 to be exact - so you could imagine how long my hair got) thinking about and searching for the right place for me to get my hair cut I came across Coiffurium online and read the reviews. While reading the reviews, one of my best friends called and when asked what I was up to, and I told her and then asked who cut her hair. She told me that she went to Coiffurium and loved her hairdresser

there. I called Coiffurium as soon as I got off the phone with my friend to schedule an appointment, but needed to get my hair cut asap. An appointment was made with Shelby, and I couldn't have been happier. Shelby is extremely personable and did a great job giving me a fresh look. In addition to Shelby being such a nice and talented person, the receptionist was also very nice and helpful (as well as another person who was at the receptionist's desk when I was paying for my haircut). I walked away feeling great and thankful that I found my new hair salon. Thank you Shelby and staff for making me feel right at home.

Rave reviews!! Shaina has been doing my hair for years, and I receive endless compliments. Shaina is so talented! She is also very accomodating - sometimes I'm tired and just want to zone out, even fall asleep, and Shaina just lets me drift. Other times we have the most vibrant chats. Those days are the best, as I receive inspiration along with restoration! I really look forward to my visits! From the moment I walk in and am greeted and offered tea, to the moment I am arranging my next visit, Coiffurium is a beautiful and beautifying experience.

Kelly Ann is awesome. I set up an appointment after I was told by a friend to visit Coiffurium. I'm glad I did. Kelly Ann knows what she's doing, she's fun, and she took my brief description of what I wanted and gave me a great haircut. I'm not so good at keeping up on my hair and rarely get a professional cut. But, I'm impressed and will be back for more.

I originally made an appointment for a cut on Monday, Dec 22nd and because I mentioned how desperate I was for a cut, I was offered to be put on a cancellation list. The gals at Coiffurium called me a few times to let me know that something might be opening and to see if I'd be available. Given that I live on the next block over, I was thrilled to get a call about an opening before the weekend on Friday afternoon. It was my birthday, too, so both the time and day worked out perfectly. I saw Shelby for my appointment and she was absolutely amazing! I brought photos of myself with the cut I was looking for and she took the time to ask me about the style, my hair, and how I typically like to do my hair. I hadn't cut my hair short in over three years so as she cut, she checked in with me along the way. After the blow dry I wanted a little more layering and she knew exactly how to take just enough off for me. Shelby was patient and friendly and really great to talk to. I recommend Coiffurium (and Shelby!) for anyone looking for a great salon experience!!

Very unhappy with the service. I felt that my wants for my hair were not heard and shroud not understand I did not want to be bright red. When I had her fix it she seemed very annoyed with me. I called back to days later to have it fixed. They wouldn't fit me in that day or do anything to help.

My stylist did a great job on my cut and color. She was very thorough during her consultation. She gave good advice and ultimately helped me choose the right color for my hair (and it looks awesome!). My only complaint is that although I appreciated her diligence, it took 3 hours for me to get my hair done. I would definitely return to her again. I will just make sure to come when I have a lot of time to spare :)

I have been coming to this salon for years. While many of the stylists have worked with me at one time or another, usually Kelly or Greg do so most often. When I call for an appointment, the receptionist always greets me warmly. When I come into the building, she offers a coffe, tea or water, always with a great smile. The stylists ask me questions about what I want and keep notes on what we did the last time I was in. Many of the staff say hello, even if they are not working with me. Overall, very friendly yet professional atmosphere and great services.

Happy, as always, w/ the service I received. I drive 40 minutes to get my hair done by Ann! My main criticism is related to cleanliness. I noticed hair, dust, scuff marks along the baseboards as I was sitting in the styling chair. I don't recall this in the past. Also, please consider getting sheer curtains or other window dressing for the front waiting area. It's REALLY sunny, and thus warm, there. Please also consider allow clients to add gratuity to credit card payments.

I am a new client to Coiffurium, having selected the salon only after considerable online research as I'd been unsuccessful finding a "regular" place to have my hair done since my return to Rhode Island a couple of years ago. My stylist, Patty, was patient during our initial consultation regarding cut and color. During the process, she

was pleasant and professional, and the result was terrific. I'm thrilled with my new look, and credit not only Patty's talents for coloring and cutting, but for listening as well. I'll definitely be back.

I was referred by my dearest friend who has been a customer for quite some time. Unfortunately I had been experiencing personal family health problems and had to cancel a few appointments with my salon stylist of 8 years and she did not accommodate me at a very critical time for me. Fortunately when I called Coiffurium I was able to get in the same day to see Kelly. The staff me feel so welcomed and Kelly made my experience so relaxing and stress free! She gave me a much needed color correction and a great cut, not to mention a fantastic scalp massage during the washing process. I am very delighted with the service and support of the staff and look forward this new relationship!!!

I came in looking like a lawnmower had ridden over my head, having cut my own hair for years, every time I'd pass a mirror: one side first, then the other "to even it up," until some patches were nearly bald and others stuck out without control. I needed professional help! But it was already short and I didn't think anything could be done for it. You brilliantly assigned me to Kelly, who was not only fun and nonjudgmental, but was extremely skilled and in just a few deft snips restored me to someone who could go confidently out in public. I think I've found a new BFF. I will certainly be back, and will try with all my might to resist cutting in the meantime. Kelly is superb.

If you're hoping to find a good salon... you'll find it on Hope Street at Coiffurium! I'm new to the area and not the type who loves the whole getting my hair done experience... especially by someone I don't know. I procrastinated to the point of desperation ... my hair looked and felt really awful. I read some online salon reviews and decided to give Coiffurium a call. Alas... Megan (hope I'm spelling your name right :/) informed me they were booked until the following week... BUT... she took my number and if "things changed" promised to call. Things did change and she did indeed call. THANK GAWD! Once there, Megan put me at ease with her warm welcome while I waited for the poor soul who had to deal with my wreck. Hello Mallory! By turning the mass of mess atop my head into really nice looking hair... you gave me what every woman needs... renewed self confidence in my appearance. Thank you, you're a real doll!! So happy I found you!! Karen

always ready on time. Ann is the best!!!! Only concern is rising cost...at this point with a \$ 49.00 haircut and a \$ 10.00 tip...that's \$ 5900. I think this is getting outrageous. My haircut takes about 20 minutes. JC

I had a haircut with Anne and I was dismayed that I went home with wet hair. I went to her because the receptionist said she was good with wavy/curly hair. The haircut was so fast. Then i asked her to show me how she would style it to emphasize the curls. She started using a regular blow dryer, which i know causes frizz. I asked if she was going to diffuse it and she said "yeah if you have all day." I have had haircuts at other places and it did not take all day to dry my hair with a diffuser. So I ended up feeling like I had spent \$50 for a 10 minute haircut I could have gotten anywhere and I went home with wet hair.

Erin gave me the first real haircut I've had in a while. I had super long hair and it was time for a change. She was super friendly. She listened to what I wanted, looked at the pictures I brought in, made sure I was happy each step of the way. We ended up cutting off 6-7 inches and the haircut came out better than I could have even hoped for. And the shampoo they use smells really good. It was such a nice experience, I left the salon in a great mood and was happy for the rest of the day. Two weeks later and my hair still looks incredible.

As soon as I walked into the salon, I received a warm, friendly greeting from the receptionist. My appointment was with Kim, who also greeted me pleasantly. She took time to look at pictures of hairstyles I brought, listened to what my concerns were, and offered suggestions when I asked for her input. Kim is a miracle worker. It was a pleasure to watch her work on my hair, (you can tell when someone knows what they're doing). When she finished, I had that "wow" reaction. I love the cut and how my hair looks and feels. I will definitely be back, and will absolutely recommend your salon to other people. All in all it was a lovely experience. Thank you.

I am SO picky when it comes to haircuts. I have no experience in cosmetology, but I follow fashion and know what professional results look like. That being said, I got a cut (graduated bob from shoulder length hair), color & eyebrow wax from Patty and I will say it was the best haircut and blow dry I've ever had. She listened to and followed what I wanted to a T and suggested an angle to the front of my hair as opposed to heavy side bangs I had mentioned, which made such a difference. It was my first time at Coiffurium and I will most definitely return.

I LOVE every appointment I have with Erin. I honestly drive 5-6 hrs just for her to do my eye brows because she's actually the only person that is able to make them look

good (Mal comes in a close second of course). I also have never left the salon without feeling refreshed and confident. Although I hate to admit it, I for sure needed a hair cut against my will since I love having my long hair. Erin was able to accommodate keeping my length while at the same time giving me body, and life back to my hair. Overall, Erin has been doing my hair for almost 10 years now and I don't plan on changing hair dressers any time soon. I LOVE COIFURIUM! PS i love kara and meg at the front desk too.

Thank you so much!!!! I worked with Mallory and Rebecca (I think??) on my hair and make up trial. They were both really nice to my Mom and myself. They took their time and allowed for plenty of feedback. Mallory also made sure that my hair style would work with my floor length veil which really meant a lot to me. She also took time explaining to my mom how to remove the veil without ruining my hair at the reception. The make up trial was also great. I forgot I had scheduled it but then was so happy I did. As a bride with less then a month to my wedding I'm starting to feel super stressed and both girls made me feel relaxed and excited. I loved how everything came out - I felt beautiful and confident. I'm looking forward to working with them on the big day!!!!

On this visit I received a hair cut and up-do, both of which were wonderful. Besides being very happy with the result, I appreciate that Jessica took the time to explain to me her choices with elements of my cut (why she thought I should have a layer in one area, methods for hair care ect) and the subsequent styling. I will definitely request another appointment with her in the future.

My first trip to the Coiffurium was great! Everyone was very welcoming and friendly. The atmosphere is very professional and clean, but also really down-to-earth and comfortable. I can't remember the name of my hair stylist; which makes me feel awful because she was amazing. It started with an E, maybe Erin or Erica? Anyway, she was open and non-judgmental with my hair requests. I liked how she took her time with my hair and really cared for it. I left the salon feeling like a queen with my beautiful hair. However, what made my experience so great was the hair stylist herself. She was just nice to talk to and could hold a conversation. I felt like I was

chatting with a good friend. It was not awkward and silent like it usually is when I get my hair done. I will be back without a doubt! I can't wait to return. This is the only salon I will go to from now on :)

Coiffurium is a fantastic salon!!! From the first minute you walk through the door, you are greeted by friendly, welcoming, smiling, faces from the front desk ladies. Everyone is pleasant and they treat all people with respect. Their prices are very reasonable and the atmosphere is warm and welcoming. Some salons judge you when you walk in and make you feel awkward. But, not at Coiffurium....it is a very nice hair salon, but everyone is so down to earth. My hair stylist, Kelly, is awesome!!!! She is funny, and pleasant and as far as I am concerned she is an artist. The girl can cut hair!!! Although, from what I have seen in the salon....everyone can cut hair beautifully!!! The people I have seen leaving the salon have had fabulous haircuts, men and women. It is a place worth checking out. You won't be sorry!!!

Always consistent and definitely more affordable compared to other salons in the area. I also have to commend Greg and Melissa for providing a staff of friendly stylists, assistants and receptionists. Always a pleasure when I visit every 6-8 weeks! Looking forward to another 15 years!

Coiffurium Salon is the best! Super friendly owners, staff and a very attentive front desk crew. I've been coming frequently to Coiffurium for a long time. Erin, my stylist is very friendly and professional. She has a lot of knowledge about color, cuts and hair products, and is always a good listener who gets your hair to be just the way you want it every time. From my observation though, all the stylists seem to strive to meet these great standards, so you could not be disappointed with any of their work. The salon is pretty, clean and pleasant, and I always look forward to my visits!

Every person I've had for waxing services has been friendly, patient, kind, and competent. I love coming here. I am a huge baby when it comes to waxing and they always make me feel at ease and try to be as gentle as possible. I always walk out with a smile on my face- very rare after having a wax done!! Also the receptionist is awesome. She's so friendly and upbeat all the time, I don't know how she does it!

I love this place! I have lived in the neighborhood for 23 years and completely missed the treasure right around the corner. Shelby really listened to what I wanted, gave me a cut that still looks good without having to do anything special to it, and she did a great job on my eyebrows. The price was very reasonable, ten dollars cheaper than my old place. This is my new salon. Love it!

I have never had a poor experience at Coiffurium -- it's both pristine and welcoming. They continue to be the best with cuts, dye and style. Kellie-Ann is definitely one of the best parts of that place -- she is fun, energetic and never leads me astray. I like a place where the hairdresser can get just as excited about a new hairstyle as the customer can. I constantly recommend Coiffurium to anyone looking for a new salon. Plus, they serve coffee here. What's better than that?

I have been a client of Coiffurium for about 15 years. I discovered it when I lived in the neighborhood and have stayed with my favorite stylist (Patty) regardless of where I live or work. What I most like about Coiffurium is that it is professional yet unpretentious. Not everyone is a fashion maven - some of us just want a good cut with a seasoned stylist. Everyone in the salon has always made me - and everyone else who is a patron - feel very comfortable and well attended. We are busy - they are busy - and there is respect for schedules on both sides. Call if you'll be late!

I think Coiffurium salon is superb...from my first appointment there about ten years ago when Greg spent several minutes discussing my hair, what would work best, what kind of look I wanted, to my most recent appointment when Greg spent about ten minutes to figure out about what cut and color I wanted. I never feel rushed. I often want a hair do that's different from the norm and Greg helps me get that platinum blond, messy look I want. I love the place, just wish they'd serve cake with the tea.

Of course it was great. It's ALWAYS great. I've been going to Patty for (I think) 9 years. Best hair cut/color ever. She's a genius with hair color. I went in one time after trying to "touch up" my roots with these new "touch up your roots!" kit and what a mess. Orange. She spent over 2 hours working on my hair. Perfect. Everyone is great. Just great.

The staff is mainly friendly and accomodating. My previous hairdresser at this shop left and I have had a hard time finding another one I like as well as I did her. The new hairdresser always has another appointment after mine and I usually feel rushed at the end of my appointment to get put under the hair dryer and then left alone till I determine I am finished because my hairdresser is on to another client. Although she does a good job on the cut and color, I liked have the final styling and examination of my haircut at the end with my old hair dresser and now I feel like I am being left without any styling and rushed our the door. Another suggestions- they need better magazines. Going to the hairdresser is a treat and indulgence for me, but they often have old or only 1 copy of magazines and not a lot of variety to choose from which I don't enjoy.
